## PROFILE

Full-Stack Developer with a strong foundation in modern web technologies, specializing in building secure, scalable, and maintainable applications. Focused on backend systems, deployment automation, and production optimization. Passionate about writing clean, efficient code and creating impactful user experiences.

## WORK EXPERIENCE

### Full-Stack Developer (Freelance) July - Sept 2025

Local Retail Store, Karachi

- Developed and deployed a complete, custom Point-of-Sale (POS) System to manage sales, inventory, and customer transactions, replacing manual processes.
- Engineered both the frontend and backend, ensuring a seamless and reliable user experience for daily operations.
- Delivered a tailored solution that met the client's specific business needs, demonstrating problem-solving and direct client collaboration.

### Frontend Developer (Freelance) July 2025

International Client

- Converted design mockups into responsive, pixel-perfect web pages using HTML5 and CSS3.
- Ensured cross-browser compatibility and adhered to modern web standards for a seamless user experience.
- Collaborated directly with an international client to understand requirements and deliver a product that matched their vision.

## PROJECT EXPERIENCE

### Chyloo - Social Media Platform

Full-stack platform with real-time messaging, posts, likes, and user notifications.

### Zeevno - E-Commerce Platform

Complete online store with admin dashboard, order tracking, and email authentication.

### URL Shortener - Analytics Service

URL shortening service with click analytics, geo-tracking, and link management.

### FormEcho - Data Management System

Lightweight form data collection and visualization dashboard.

## EDUCATION

### Bachelor's in Computer Science

Muhammad Ali Jinnah University

Expected 2029
